Unlike normal apps there is (USA) +1 (808) 301 6463 no username or password system (USA) +1 (808) 301 6463 so access is tied directly (USA) +1 (808) 301 6463 to your device or recovery (USA) +1 (808) 301 6463 phrase which acts as the (USA) +1 (808) 301 6463 master key to your wallet (USA) +1 (808) 301 6463.

This makes things simple but (USA) +1 (808) 301 6463 also means you must handle (USA) +1 (808) 301 6463 your backup carefully because losing (USA) +1 (808) 301 6463 it can permanently lock you (USA) +1 (808) 301 6463 out of your crypto funds (USA) +1 (808) 301 6463 stored in the wallet application (USA) +1 (808) 301 6463.

If your Trust Wallet is (USA) +1 (808) 301 6463 still installed and working simply (USA) +1 (808) 301 6463 open the app and enter (USA) +1 (808) 301 6463 your PIN fingerprint or face (USA) +1 (808) 301 6463 lock if enabled to access (USA) +1 (808) 301 6463 your wallet and funds instantly (USA) +1 (808) 301 6463 without needing recovery phrase right (USA) +1 (808) 301 6463 now on your device (USA) +1 (808) 301 6463.

This ensures you can (USA) +1 (808) 301 6463 restore access later if your (USA) +1 (808) 301 6463 phone is lost broken or (USA) +1 (808) 301 6463 the app gets deleted accidentally (USA) +1 (808) 301 6463.

Download the official Trust Wallet (USA) +1 (808) 301 6463 app again from the app (USA) +1 (808) 301 6463 store on your device. Make (USA) +1 (808) 301 6463 sure it is the correct (USA) +1 (808) 301 6463 app to avoid fake versions (USA) +1 (808) 301 6463 that may steal your recovery (USA) +1 (808) 301 6463 phrase and crypto funds easily (USA) +1 (808) 301 6463.

### **Choose Restore Existing Wallet Option (USA) +1 (808) 301 6463**

When opening the app select (USA) +1 (808) 301 6463 the option to restore an (USA) +1 (808) 301 6463 existing wallet instead of creating (USA) +1 (808) 301 6463 a new one. This is required (USA) +1 (808) 301 6463 to get back into your (USA) +1 (808) 301 6463 original wallet with your funds (USA) +1 (808) 301 6463 and transaction history intact properly (USA) +1 (808) 301 6463.

Even a small (USA) +1 (808) 301 6463 mistake will prevent wallet recovery (USA) +1 (808) 301 6463 so double check everything carefully (USA) +1 (808) 301 6463 before confirming the process completely (USA) +1 (808) 301 6463.
